

**Northern Faculty and Pregnancy and Paediatric Faculty
CPD event**

Examination of the Weight-bearing Child

Date: Saturday 23rd & Sunday 24th September 2017

**Venue: Jury's Inn Newcastle, St James Gate, Scotswood Road,
Newcastle Upon Tyne, Tyne and Wear, NE1 4AD**

Event outline:

- Orthopaedic & neurological examination of the weight bearing child (1-5yrs)
- Forces used in the paediatric spine
- Growth & development - normal & abnormal
- Testing for delayed development including exercises for retained infantile reflexes
- Safe and gentle techniques for the toddler and young child, fascial release techniques, exercises, dietary & advice
- Introducing the Royal College of Chiropractors' Paediatric Faculty's 1-5yr Paediatric Case History Form
- Latest chiropractic research

Speaker: Elisabeth Davidson FRCC (Paeds) owns a busy multidisciplinary clinic in Aberdeenshire. She graduated from the Anglo-European College of Chiropractic in 1994 with a BSc (chiropractic) and a post graduate diploma in chiropractic (DC) in 1995. She gained an MSc in Advanced Chiropractic Paediatric Practice in 2007 also from the AECC and she is a Fellow and former Secretary of the Royal College of Chiropractors' Pregnancy & Paediatric Faculty. Originally from Denmark, she has lived in Britain since 1990. She teaches post-graduate seminars in chiropractic care of the pregnant pelvis, neonatal examination and growth & development of the toddler.

Learning Outcomes include:

- Examining orthopaedic conditions often seen in paediatric chiropractic practice.
- Learning practical techniques.
- Exploring stages of development in children.
