An Update on Chronic Joint Pain Therapy & 2022 RCC Pain Faculty AGM

Dr Salmin Aseri

Webinar Outline

Dr Aseri will discuss the management of complex joint pain, in patients not suitable for surgery, and post-surgical pain (post TKR/THR). He will cover the following:

- Novel image-guided (X-ray and US) techniques:
- Genicular nerve block for knee and hip.
- Radiofrequency denervation.
- Regenerative medicine - PRP/Stem cell.

Learning Outcomes

- Understand the definition & classification of pain
- Understand chronic joint pain
- Gain an overview of multimodal management, multidisciplinary team management and interventional Pain management

Speaker

Dr Aseri is a Consultant in Anaesthesia and Pain Medicine in the Northwest of England. He performs anaesthesia for orthopaedic joint surgery and image-guided pain interventions in NHS and private hospitals, as well as PRP (stem cell therapy) and radiofrequency denervation. He is the author of Musculocutaneous Nerve. In: Abd-Elsayed A. (eds) Pain. Springer 2019.

Formal AGM business 20.00 – 20.45

The webinar will be immediately followed by the 2022 AGM of the RCC Sports Faculty (RCCSF) for current Associates, Licentiates Members & Fellows of the RCCSF only. Faculty members should remain online after the lecture to take part in the brief formal business, including reports from the RCCSF Officers.
